1	<p>All coverage for existing units and locations.</p> <p>43,100.00 Plus 15% HST which is \$49565.00 USD or 66781.19 CAD Which is due immediately via crypto address are listed below. Only 732 Policies of the new total confirmed units of 1312 are due immediately and will hold you back from getting your units turned on. Note that your baseline of unused space which you have secured for expansion has gone up to do to due to the change in available units. This additional power will change your minimum power draw for an additional 568 unit differential which now has changed this invoice cost here. We would purchase 1068 miners for you this month if we ended up using the offer I thought up before but I rather wait and make sure that and see next invoices come in, and payments each month for but I am looking forward to meeting you all in person and look for my email soon. It will have the 2 scheduling offers for payments and upgrades such as firmware and overclocking options for asics. I will have your statements shortly for each month.</p>	1,068.00 pcs	0.00	0.00
2	<p>Notes and understanding</p> <p>good business means getting things done right, let work on our communication on the exact number of units. We could've saved you a lot more if we Knew exactly how many you had it radically changed the shipping cost we quoted you and the entire spreadsheet offer will have to be redone. In the meantime, we will allow you to borrow 130 of our ASIC miners until yours arrive and are properly checked for damage and functionality as will every unit as its inventoried within our live inventory system. This will keep you up for a week in the meantime to get you started and hashing. This way you won't have to wait for delays in shipping, Registration of your policies for the individual</p>	1.00		0.00
